CRIPPLED BOY GOES TO HIS HOME IN NEVADA

The board of county commissioners today gave aid to George Peterson of Charlton, Nevada, to get home. A ticket was purchased for him to Death, from which point he will go by stage.

Peterson is a lad 16 years old and recently, while employed digging a well in an Idaho town, fell down the shaft a distance of 40 feet. His right arm was broken at the elbow and the right leg at the ankle joint. Not being able to use a crutch with his right arm, the lad is walking on an improvised wooden leg made of rough board, fastened together with barb wire and large nails.

PROCEEDINGS IN MUNICIPAL COURT

Pat Water, a transient, in police court was given a suspended sentence this morning. John Riley was also given a suspended sentence.

John McGee, a mendicant, was sentenced to serve five days in jail. He was arrested by Detectives Robert Burk and Robert Chambers at Twenty-fourth street and Washington avenue, and some interesting testimony was brought out in the case. The defendant, it was said, "mooched" from the two plain clothesmen and was told to go up to the sheriff's office to get a meal. He received this advice with the expression of an unprintable opinion of the county officer. At this, the detectives told him to "shut up" or a policeman would "pick him up." McGee then "put on the straw that broke the camel's back" by abusing the police force and was promptly placed under arrest.

James Gilmore, an old offender, was given a ten-day jail sentence for begging while under the influence of liquor.

SALT LAKE DOCTORS CHARGED WITH A GIRL'S DEATH

That Eulah B. Smith, the pretty Ogdan girl who died in Salt Lake City on Monday, came to her death as the result of a mal-operation, said to have been performed by Dr. F. Moormeister, Dr. T. M. Hotopp and a Dr. Cassidy, all of Salt Lake, is the opinion of Drs. A. A. Robinson, county physician of Weber county and Dr. Shields, pathologist of Salt Lake county, who performed an autopsy on the body Tuesday afternoon at the Kirkendall mortuary.

The operation was performed on Miss Smith April 19th, in a private house opposite the City and County building, and according to the death certificate filed in Salt Lake and later mailed to the office of the city health inspector at Ogdan, that date was the last time she was seen alive by Dr. Moormeister, the physician who signed it. One of the contributory causes of death was given as appendicitis, but the real cause, brought out by the autopsy, was the removal of about 10 inches of the large intestine, it being evident that no attempt had even been made to tie up the two loose ends. The presumption arising from this condition found by Drs. Robinson and Shields is that there was no indication of any criminal operation but that the girl had been afflicted by a minor ailment which had been wrongly diagnosed, and, in operating, the attending physicians blundered in their work.

The fact that two days elapsed between the time the operation was performed and the death of Miss Smith, has the appearance, too, that the physicians realized their blunder and being afraid of the consequences failed to give the girl further attention.

In the opinion of County Physician Robinson, there was no good reason why Miss Smith could not have readily recovered from her illness, if she had received the proper treatment.

Suspicious circumstances in connection with the case were brought to the attention of the district attorney at Salt Lake and, after an investigation, he decided that an autopsy should be held. In the meantime, the body had been shipped to Ogdan and County Attorney Joseph E. Evans was called into the case. The consent of the parents of the girl was secured and the autopsy was performed by the physicians named, in the presence of County Attorney Evans and the Salt Lake district attorney. The result of it, according to advices received from Salt Lake City this morning, will be the placing of charges of involuntary manslaughter against Drs. Moormeister, Hotopp and Cassidy.

It is understood by prominent local physicians that the three practitioners who performed the alleged mal-operation on the Ogdan girl, had been refused membership in the Salt Lake medical association several times.

Eulah B. Smith was the daughter of Mr. and Mrs. Jefferson D. Smith, of 2613 Grant avenue and was 19 years of age. She was exceptionally pretty and admired by her girl companions. While in Salt Lake City, she had been employed as a telephone operator. Her funeral was held late this afternoon at the Kirkendall chapel.

HOME SEASON GAME OPENED

Big leagues Great Baseball Fans on Their Own Grounds—Royal Rooters Out in Force.

Cleveland, O., April 22.—Cloudy skies, threatening rain, greeted the fans today for the home opening of the American league baseball season. The locals, rechristened the Indians, bade home from their first road trip in second place, were to meet Detroit. Mitchell will pitch for Cleveland and Dubuc will twirl for the visitors.

Philadelphia, Pa., April 22.—With a record of six straight victories and no defeats the Philadelphia National league opened its home season with Boston. The weather was a bit cool. Alexander for Philadelphia and Rudolph for Boston were expected to be the opposing pitchers.

Boston April 22.—A report that J. Franklin Baker would reappear in the Philadelphia lineup added to the interest in the opening of the local season of the American league today. President Lannin of the Boston club, had invited the Royal Rooters, the famous organization of Boston baseball enthusiasts, to attend the game as his guests. Governor Walsh had promised to be present. It was expected that Shore would start in the box for Boston and Penneck for Philadelphia.

GERMANS STOP DUTCH STEAMER. Stockholm, April 22, via London, 1:45 p. m.—A German submarine today stopped a Dutch steamer outside of Gelfe on the Gulf of Bothnia and examined her papers and cargo.

From this incident the deduction is made here that Germany intends to keep a close watch on the traffic between Sweden and Finland.

HEROISM OF A FRENCH AVIATOR

CAUSTIC COMMENT OF BERLIN PRESS

Pilots Machine Back to France Through Storm of Shells After Left Foot Had Been Severed.

President Wilson and His Speech at Associated Press Luncheon Bitterly Scored by German Editors.

Paris, April 22, 2:20 a. m.—A story telling of the heroism of an aviator described as "D. M.," whose father was killed in one of the first engagements of the war, has been sent to the Petit Journal by a correspondent with the northern army.

"De M." was sent with a sergeant to bombard a corner of the Belgian coast where the Germans had been showing exceptional activity. They had to pass over a region where Roland Garros accomplished his most sensational exploits and where the Germans had installed a hundred anti-aircraft guns. The aeroplane was piloted safely through a storm of shells while the sergeant dropped bombs according to instructions and then turned towards the French lines, rising to a height of nine thousand feet to avoid the hail of shrapnel.

Suddenly a German shell smashed the front wheels and hurtled through the machine, severing the aviator's left foot. The aeroplane began to plunge downward but "De M." gritted his teeth and righted the machine, keeping it headed towards the camp. The sergeant, who thought they were done for, supported the pilot with his left arm while with his right he started to pencil a farewell letter to his mother. They still had fifteen miles to fly to reach a place of safety.

"Shall I take the helm?" asked the sergeant.

"No, no, you trust to me. We'll get back to France all right," was "De M.'s" reply.

The sergeant then abandoned his letter writing and supported the pilot with both arms. "De M." stuck to his task and took the machine safely back to the starting place and crawled out unaided through the hole made by the German projectile. Not until he reached the hospital at Zuydote did he faint.

"No, no, you trust to me. We'll get back to France all right," was "De M.'s" reply.

Amsterdam, Holland, April 22.—Commenting on the address of President Wilson at the luncheon of the Associated Press in New York, April 20, the Vossische Zeitung of Berlin speaks:

"We could believe in the inclination of the United States after the war to play the role to which President Wilson refers, namely to prepare assistance for belligerent parties if Americans during the war had acted in accordance with the principal of assistance to neither side. The purveyors of arms and ammunition to adversaries cannot, all of a sudden, pretend to be the impartial friend of all belligerents in the negotiations at the conclusion of the war."

The Lokal Anzeiger says:

"President Wilson is mightily mistaken if he imagines his sort of neutrality will be acknowledged and used by the belligerents as fair play. It is impossible for Germany and her allies to esteem as a sign of 'self-control' one-sided patronage by the continued toleration of a most extensive supply of arms, combined with humble endurance of all English oppression of neutral commerce. So far as Germany is concerned, President Wilson need not trouble about preparations for help after the war."

Two HUNDRED COKE OVENS ARE OPENED

Connellsville, Pa., April 22.—Two hundred ovens in the Connellsville coke region were fired last week and production for the first time reached 300,000 tons. The coke trade is feeling the improved conditions in the steel trade, although merchants operators have not yet found an opportunity to mark up prices.

WILSON ANSWERS GERMAN PROTEST

Washington, April 22.—The American government's answer to the recent memorandum of Count Von Bernstorff, the German ambassador, complaining that while the United States had failed to maintain its right to export foodstuffs to Germany, it had allowed the shipment of arms to the allies, was before the German government today. The shipment of arms, the ambassador said, was not in keeping with the real spirit of neutrality.

The American note, which had been finally written by President Wilson, had been sent by Secretary Bryan to Count von Bernstorff, who transmitted it to the German foreign office. The reply is regarded here as a carefully framed statement of the position of the United States and it is believed will clear up any doubt that may have existed as to the American attitude.

The attitude of the American government, as outlined in the note is that to stop the shipment of arms during the progress of the war would be in violation of the neutrality of the United States.

The answer explains that the relations of the United States with any of the belligerents cannot wisely be discussed with a third government, and says that the ambassador's note refers to circumstances which the United States would have supposed hardly appropriate for discussion between the two governments.

Good Faith Impugned by German. The language employed by the ambassador in his memorandum, the note says, "is susceptible of being construed as impugning the good of the United States in the performance of its duties as a neutral," but the American reply "takes it for granted that no such implication was intended, and adds that evidently the ambassador 'is laboring under certain false impressions.'"
